

Community Corridor Planning

THE GREEN LINE IS COMING TO SOMERVILLE!

It is time to begin station planning and design. The Community Corridor Planning Project (CCP) with participation of members of the Green Line Extension Community Design Working Group invites you to participate in planning for design and access to the Gilman Square Green Line Station.

Your opinions and ideas about how to make the station work best are important.

WHEN: Monday, November 22nd at 3:00 PM.

WHERE: We will meet at in between Somerville City Hall and the High School and will walk around the Gilman Station area where you can make suggestions about pedestrian, bicycle and bus access to the station, safety, lighting, station design, comfort, signs and area maps.

Bring your camera to take photos and email them with your suggestions to Ellin Reisner -- reisnere51@gmail.com.

CCP partners and MBTA/Mass DOT staff will have preliminary station diagrams for the station location as well as copies of designs developed by community members at the CCP Design Workshop I May.
